

Culture Start Creative Group Co-ordinators x 2

Sunderland Culture is seeking to appoint the following roles to join the Culture Start team:

- Creative Group Co-ordinator (Under 12 Programme)
- Creative Group Co-ordinator (Young People's Programme)

The Creative Group Co-ordinators will play a fundamental role in removing barriers to participation in arts and culture and connecting children and young people across Sunderland with creative and cultural opportunities. This will primarily be through the co-ordination and delivery of the Culture Start community-based creative groups. This will be carried out in collaboration with the Culture Start Manager.

Culture Start will establish five regular creative groups. The exact locations and timings of the groups are to be agreed. Sessions will take place in community settings and run after-school/early evenings and/or Saturdays. We will work with the postholders around their availability when agreeing the days/times of sessions.

The Creative Group Co-ordinator (Under 12 Programme) will be responsible for setting up and running two groups for 5-11 year olds. These groups will run weekly during term-time.

The Creative Group Co-ordinator (Young People's Programme) will be responsible for setting up and running three groups for 12-18 year olds (up to 25 year olds for young people with SEND). These groups will run fortnightly.

Creative Group Co-ordinators will also support the co-ordination and delivery of holiday provision associated with the Creative Groups, as well as supporting the aims of the wider Culture Start programme.

The Creative Group Co-ordinators will work alongside the wider Culture Start team, as well as other colleagues in Sunderland Culture, partner venues and community organisations across the city.

About Culture Start

Culture Start is a £1.5 million, 3-year programme which seeks to explore how access to arts and cultural opportunities can address some of the long-term impact of economic deprivation on children and young people in Sunderland.

A high-quality and ambitious creative programme, co-developed with children, young people and city partners will increase reach and engagement, build confidence and skills, improve access to cultural opportunities and embed long term change in the policies and practices of the city's cultural organisations.

The Culture Start programme will be free to access and includes four strands:

- 1) Catalysing Demand – offering creative opportunities during termtime and school holidays in areas of Sunderland to spark interest and encourage participation.

- 2) Under 12 Programme – two Creative Groups will enable regular participation in creative activities for children from low-income families, building confidence and creativity.
- 3) Young People’s Programme – addressing gaps in provision to accessible creative activity through regular Creative Groups groups, showcase opportunities, summer schools and talent development bursaries.
- 4) Securing Change – embedding learning and change in Sunderland’s cultural organisations through training and expert advice.

Culture Start is led by Sunderland Culture and has been developed in partnership with cultural, educational, community and civic partners including:

- Sunderland Music, Arts and Culture (MAC) Trust
- Together for Children
- Children North East
- Gentoo
- InspirED Sunderland – Sunderland Local Cultural Education Partnership
- North East Youth
- All Together Consortium
- Sunderland College
- University of Sunderland

Culture Start is supported by a £1.2m Place Partnership award from Arts Council England through the National Lottery, and generously funded by the Esmée Fairbairn Foundation, Sir James Knott Trust, Sir Tom Cowie Fund at the Community Foundation serving Tyne & Wear and Northumberland and the Gillian Dickinson Trust.

The Creative Group Co-ordinators will play a key role delivering activities that expand cultural opportunities for children and young people from low incomes in Sunderland.

For more information, please go to www.sunderlandculture.org.uk/jobs-opportunities/.

The deadline for applications is 12 noon on 20th September.

Interviews will take place in Sunderland on 14th October.

We want the Culture Start team to reflect the diversity of the communities we work with. We welcome expressions from everyone, and especially from people with experience of socio-economic disadvantage, people from ethnically diverse backgrounds, disabled people, young people and LGBTQ+ people.

About Sunderland Culture

Sunderland Culture is a pioneering place-based partnership formed in 2016, by University of Sunderland, Sunderland City Council and Sunderland Music, Arts and Culture Trust, to take forward an ambitious cultural vision for the city. We are a Registered Charity and an Arts Council England National Portfolio Organisation.

Our mission is to improve life for everyone in Sunderland through culture. To do so, we are driving five step changes: growing the profile and reputation of the city; a more vibrant creative economy; raised outlook and aspiration of children and young people; improved health and wellbeing; and a more socially cohesive city.

We deliver a single programme through the city’s major cultural venues including National Glass Centre, Northern Gallery for Contemporary Art (NGCA), Sunderland Museum & Winter Gardens and Arts Centre Washington and with communities in spaces and places across the city. We work across the city to ensure the power of great art, culture and creativity is harnessed for the benefit of Sunderland, its residents and visitors and work created here is showcased regionally, nationally, and internationally.

You can find out more about our organisational aims and ambitions including our Theory of Change model and an overview of our recent work in our [Annual Review 2023-24](#).

We strive to be ambitious, collaborative, outward looking and inclusive in everything that we do. Our Equality and Diversity Policy is published on our website. We actively encourage applications from individuals from communities who are less represented within the cultural sector. We therefore particularly welcome applications from individuals who are looking to develop their career in the cultural sector from Black, Asian and ethnic minority communities, who are disabled or are from other communities which are under- represented.
